# Our Philosophy

This is one of the most exciting times in your life.  
We're so incredibly thrilled for you both!

You've found the one person you couldn't live without and your about to make an extremely significant and soulful commitment to each other.

Us humans are destined to find a life partner. It's all we ever want on a planet which feels foreign. To know someone inside and outside to the point that they feel like home. So a huge congratulations on finding each other and making sure nothing in our sometimes silly society pulled you two apart.

We want to capture the true essence of who you are together. Beautiful candid moments which show so much emotion your heart might explode. We direct some of your movements to capture beautiful angles until you find your flow and relax into the space of being authentically you even with a camera around. Then its our job to run around and capture all of the beauty.

We want to know your love story. How you met, what you love, why you love each other and then celebrate all of these things with beautiful photos!

If this sounds amazing to you, we will be a perfect fit.

*Rachel & Cian*

# The Hazzards

Cian and I were married on 11/11/2022 and it was such a wholesome day. Full of nervous laughs and comforting kisses. We fumbled, things didn't go to plan, but it all worked out so beautifully.

It's all those moments we wish to capture for you! The funny, the awkward, the heartfelt, the romantic.. the REAL stuff.

Yes the post worthy, beautiful dress shots.. but also the whispers into each others ears, glances across the room and embraces away from everyone else. These things deserve just as much space as the detail shots and golden hour photos, because they're YOU. How better to capture the essence of your wedding day than by noticing and capturing all the little moments too.

We love celebrating a couples love, and what better way than to honour your connection than to create imagery worthy of becoming an heirloom, for your great grandchildren to look back on and be able to sense who you really were.

## TESTIMONIAL

Rachel was our videographer for our wedding and her husband Cian was our photographer, we truly cannot recommend this pair enough! ❤️ From the first email to every interaction with Rachel we knew that she would be nothing but amazing, her attention to detail is phenomenal, so down to earth, very approachable, and just incredible at what she does- Producing the most amazing wedding videos I've seen! Rachel captured all the special moments of our day that can be easily forgotten as so much goes on. We received our videos (ceremony, speeches, highlight, and reception) within 2-4 weeks. Bonus, it was sent to us in a format that we were able to share with those who couldn't attend. Thank you so very much Rachel and Cian we really couldn't have had such an amazing day and memories without you there.

# FAQ's

## Where are you based and do you travel?

We're based in Serpentine and have included travel within the Perth & Peel regions within the package prices. If you need us to travel further we're super keen to do that! We had a Boranup wedding ourselves. We're even happy to fly if you're planning a destination wedding. Enquire and we can let you know pricing based on your circumstances.

## Do we choose when your start and finish time is?

Yes! You just let us know your timeline (we can definitely help with this!) and when you will need us to start in order to capture all the moments you'd like photographed and we will be there.

## How long is your turnaround time?

We usually have your full wedding gallery retouched and uploaded to you within 3 weeks, though sometimes earlier than this.  
For video, allow up to 8 weeks though usually not long after the photos.

## Do you photoshop our photos?

We will make minor adjustments if need be - like removing items which are noticeably out of place. Though we like to keep things as natural and real life as possible!

# FAQ's

## How do we receive our photos?

After the images have been edited and uploaded you will receive an email with all of the details of how to access your online image gallery. For engagement sessions you will be sent a full watermarked gallery for you and your fiancé to choose your images from. You can then choose the images supplied as part of your session and also have the option to purchase additional images from your shoot. Once you've chosen your favourites, I will retouch and remove the watermark for you to download. If you would like us to provide high quality prints, we can definitely do that! Just ask and we send through pricing.

For your wedding, you will receive the full gallery right away without any watermarks.

## Is our gallery private?

Yes. Unless specified, only the chosen cover image of your online gallery is visible to the public. Your gallery can only be viewed by entering the client password that will be provided to you in an email. This can be shared with anyone you like.

## What if we need to cancel or change our wedding date?

When booking your session a 50% deposit is required to secure your date in our calendar. Payment plans can be arranged for the balance if need be. Your final installment is due three months prior to your wedding date. If you cancel your wedding from 180 days prior to your date, your deposit is non-refundable. If you cancel from 60 days prior to your date, your total amount paid becomes non-refundable.

If you require a change of date, we are very happy to accommodate that given it is available in our calendar. If you notify us of your change of date less than 180 days from your original date, you will be required to pay a second deposit.

Although we look at each booking individually and consider your circumstances always.
